## Express Mart Offers Customers Two Ways to Save on Gas *ExxonMobil Credit Card and Speedpass treat customers to gas savings*

**DeWitt, NY** – With gas prices on the rise motorists are looking for any way to reduce the price per gallon. Express Mart, a New York State convenience store and gas retailer, sells Mobil gas at 58 locations all over New York State. The retailer is passing along to the customer two great, money-saving promotions from ExxonMobil this summer.

When a customer signs up for an ExxonMobil credit card they are eligible to earn \$10 in rebates for the first four billing cycles. That is \$40 back just for signing up. The ExxonMobil credit card offers many advantages for the customer including, no annual fee, flexible payment date and Pay-At-The-Pump convenience. The card can also be linked to a Speedpass account to offer even more convenience. Check out [this link](#) to see further details of this promotion and learn about more benefits of the ExxonMobil credit card.

Speedpass offers an additional way to save money on gas this summer. Express Mart will be holding Instant Activation Events to sign customers up for a Speedpass fob. The customer is signed up on the spot using a secure wireless device and is able to use the Speedpass fob immediately. In addition, the customer saves 5¢ off each gallon pumped through August 31<sup>st</sup> when using their newly activated Speedpass.
